Message: I left Ohio in 1973 after getting my PhD from Ohio State. Have been on the faculty of Penn State University, University of Virginia, Memphis State University, and University of Alabama (where I received the highest teaching award given by the University). Met my wife in church choir in Tuscaloosa Alabama. Came to Iowa in 1998 in the College of Medicine. Our department was formed into a new College of Public Health in 1999 and I was appointed Associate Dean. I maintain a connection to our past in collecting Hayner Distillery bottles, glasses, advertising, and other related items.

Dave & I have been blessed with a wonderful loving family. Our family nearly lost our grandson,
Colby, 3 years ago with Strep Pneumonia. That certainly put life's values into perspective for all of our
family. We praise God for sparing his young life. Dave and I remain active in our church in a small
group, Children's ministries and I also serve on the Board of Servant Leaders. Dave is a Bible leader for
Men's Bible Study Fellowship (BSF) and I have been given the opportunity to speak for Christian
Women's Conferences in the Phoenix area. A special thanks to all of you who made this 40th class

Message: Doug & I continue to enjoy living in Troy. We enjoy playing golf together as well as traveling and spending time with our 3 granddaughters who live in Columbus, Ohio. I finally resigned from coaching the girl's varsity tennis team after 14 years. I thoroughly enjoyed the time I spent with the girls. I continue to play tennis 2 or 3 times a week with a group of women and also to walk 5 mornings with several friends.

Message: Hi and thank you to the Class of 1961 for the invitation. My wife & I will be unable to attend because of care-giving her terminally ill mother. We were looking forward to seeing all the "old" classmates and the stomping grounds. While I was 6 or 7 years older than the most of you, I still reminisce and get nostalgic about my high school days. Maybe, if you have another reunion in 5 or 10 years and I am still alive, you can bet that we won't miss that one. 40 years and so much water over the dam. Well, anyway please say "Hi" to all that do attend (not that they will remember me) and have a great time.

Message: Bonnie and I live on Lake Murray in South Carolina, after retiring after 30 years of teaching. Thought I would catch Stripers all day long - but 3 years ago went became a real estate agent. Great area down here. Property on the lake is hot. Our two boys are grown and on their own. Scott and his wife, Dawn also live in SC. Rob and his wife Jackie, live in Cincinnati. I wish all of you the best - Troy was great place to live - even though I was born in Troy - I attended first grade and then 11 and 12th grade. (I did go to school in between those years - even though some say probably not). I remember practicing to drive in the Hobart Arena parking lot. It had a lot of gravel. I was trying out the NASCAR spins. My dad caught me! I remember playing basketball at an elementary school over the bridge. I remember the rec center downtown and the ice cream store close by. I remember the great football teams. I remember playing baseball, but not being good enough for basketball. And, of course, I remember everyone being so kind to me even though I moved in just for my junior and senior year.
