50th Reunion

October 8, 2011

SCHOOL SONG

Oh, Troy High, live on forever,
Forever and for aye;
Your memory sweet, we'll oft repeat
The joys of by-gone days;
Come all and join the chorus
And swell the glad refrain;
We'll shout and cry **T-R-O-Y**;
We'll ever praise thy name.

F.L Humberger, E.A. Skidmore

Troy High School Class of 1961
50th Reunion
October 7-9, 2011

Hello Fellow Classmates,

We are so very glad to celebrate this 50th Anniversary with you! We welcome all of you who have joined us, some from long distances, and send good wishes to those who could not come.

Over the years we have rekindled old friendships and made new ones at our many reunions. We have worked and married and raised children, and many of us have even retired. We have shared these memories and life's frustrations, and laughter has always been plentiful. It is such fun to listen to the stories. Though we do not see each other often, the bonds formed over the years remain. It always seems we have such a good time together, don't we?

We ask that you remember those who have passed on. There is a beautiful section in this book in tribute to them. It is hard to believe we have lost so many.

We have spent the year planning a weekend we hope will be a new memory or two, when actually, we believe just being together in Troy is the best part. Please walk or drive around and see how well it has been cared for. We were blessed to have been raised in a great town where we knew the parents of our friends and neighbors who all looked out for us. It was a special time and we have invited you to relive it all this weekend and share with us your life's memories.

Our class has very hard working committee members who have enjoyed being part of planning this event. This committee is always open to anyone who would like to help in the future. We do hope you enjoy our time together and we ask you to stay in touch so we can find you next time.

Sincerely,

Your Reunion Committee

Memorial to John Walter Groff

by Becky Shelor:

In the year 2000 John helped me with my thesis research.
I wrote an acknowledgement to him in my publication.

I am again presenting this to him as it was written:

Where to start?

Who is this man called John Groff?

Such a difficult question to answer.

I'm not sure that I am really qualified to answer it.

He came into my life in July 1998.

It was around the 17th I think, about 7:30 one evening.

I was not looking for him, nor did I expect to stay with him;
however — after two glasses of wine and two hours of conversation,
(he never did offer me any food), I found a unique feeling of trust.

This still does not answer the question of - who he is - but there is some insight.

Along with trust, came an interesting conversationalist,
gentleness, a feeling of authenticity, and, not to be understated, good looks.

Nothing ever happened to change my mind.

He has been a major influence in my life, almost from the start.
I am so full inside, and he can take credit for much of this feeling.

My life's trail of adventure has had some strong, cold head winds,
but John feels like sun and warm water.

NOW WHAT?

I have learned that anxiety about the future is a waste of the present;
Life is exciting because we do not know what the future holds.

What I do know, however, is that John Groff
is one of God's most SPECIAL contributions to my life.

It has been written, that the measure of a man's life
is not how much he loved, but how much he is loved.

Classmate
memories
from THS

1961

Troy High School Class of
1961 <> fifty years later

Rosemary (Abshire) Jones remembers that Van Cleve seemed so huge! Miss Bowers Latin class, the new high school, football games, Rec dances and sock hops, caramel apples from the sweet shop, K's malts and burgers, great proms with the sparkle ball turning, some really wonderful teachers, and DRIVING. I enjoyed expanding my friendships and meeting new people with new life experiences. It was all a fantastic journey! Plans include good health---relax---travel---grandkids and kids.

Kate (Baden) Dershem remembers the good times with friends, especially Concord friends. I have clearer memories of good times spent with many classmates at our class reunions over the years and look forward to renewing those friendships at our 50th. I plan to spend quality time with family and friends. I also want to serve others and make a difference one person at a time. Herb and I plan to travel and enjoy every day.

Ruth Ann (Bailey) Kidder remembers all the exciting football games, phys. ed with Hildred Byrnett, dissecting frogs in Mr. Pettay's Biology class (yuk) and French classes with Zelpha Bowers. Plans include travel!

Jack Barnette remembers being the DJ for the Rec dances. He enjoyed singing in the Trojanaires and the trips to Colorado and Canada. During the Canada trip, I was afraid of being sent home because I put a ticking alarm clock that was keeping me awake, when staying in a guest family home in Toronto, into my suit case to shut it up. I forgot it was there and didn't discover it until we were getting ready for that night's concert across town. I feared it would have been concluded that I had stolen it and I'd be shipped home. Mr. West believed me and the clock was returned to its rightful owners and I stayed on the trip. Mr. West was a treasure at THS. Another memory is working with Dr. Cliff

Houk, my first mentor (of four in my lifetime). He believed in me and my abilities and stressed the need for and promoted my entry into higher education. I'm sure he forgave me for going to Ohio State rather than Ohio University. I would not be where I am today without his influence and I hope I've been as good a mentor to others as he was to me. Another memory is when I took a shortcut to baseball practice across the

FUTURE NURSES CLUB

A new club formed this year was the Future Nurses Club. The main objective of F.N.C. is to help the girls decide whether or not nursing is the right vocation for them. The club accomplishes this by visiting various hospitals and also by trying to interest the girls in working at one of the city hospitals. The main work of the club was to comprise a directory of all the girls who have graduated in the past five years and entered nurses' training. The club corresponds with these girls and invites them to come and speak on life in nurses' training. Also the girls made house-slippers out of washclothes for the people at the County Home. At the end of the year a picnic was enjoyed by all the members.

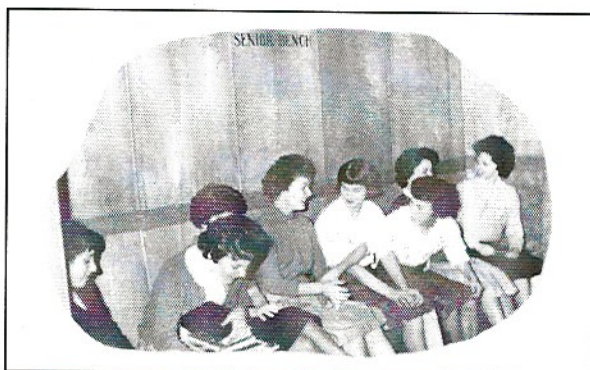

in fines). I will continue professional activities of public health academic administration as associate dean for academic affairs and continue teaching biostatistics as a professor of biostatistics and informatics. I will continue to serve as a consultant to universities starting new colleges/schools of public health. We would like to travel as much as possible for business and leisure. I will prepare for retirement eventually, but have no specific time frame to do it. I may keep working until I no longer can. I love what I do, would miss it, and would have a hard time finding other activities that would be more personally and financially rewarding.

Janet (Blackmun) Oxley has wonderful memories of the many Trojanaires concerts conducted by the very talented Mr. Charles West, traveling by bus to many cities and being welcomed by generous families into their homes to stay overnight with my roommate Sally Larimer Flosi. My best memory of Trojanaires was our Spring Concert Tour in June of 1961. We traveled by bus for 18 days and sang in Pennsylvania, New York, Michigan, Quebec and Ontario, Canada. The response to our concerts was terrific and the families with whom we stayed were so nice. What a great experience to be able to see all of the cities, sing and meet so many interesting people. We were all

First Row: L. Griner, J. Rehmer, G. Scott, C. Jenkins, S. Shaney, L. Chrona-berry, L. Raveling, C. Daugherty. Second Row: Mr. McHenry, W. Carlisle, J. Kessler, S. Nofle, C. Laufer, M. Lance, L. Salyer.

blessed to have been given this talent to bring music to so many people. I have continued to sing all these years in various choruses, oratorio societies, musicals, and am currently in my 7th year singing with the Sweet Adelines, Toast of Tampa Chapter. Who could forget that day of our senior year after the championship game that Troy won against Piqua. Led in a truck by our fearless leader Gaius Hershey, our class President, and other classmates, we all left school in cars and followed the truck in caravan style to Piqua High School. Upon arriving there, the caravan preceded to drive around the school honking our horns and chanting "We're #1" while the Piqua students were hanging out the school windows yelling things at us -thankfully most of which we could not understand. When we got back to school, we were met by Mr. Secoy and Miss Thompson and herded into the auditorium where we were given a stern admonishment

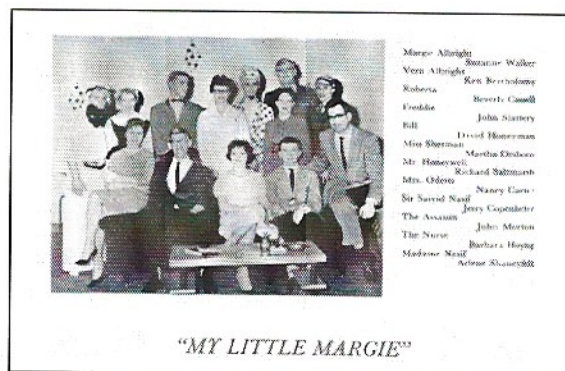

regarding our behavior. Then I think we were each given paper and an envelope and were asked to write a letter to our parents about our behavior. Uh-oh! I remember my dad not being very happy about what I did. One morning while coming to school, several of us saw an outhouse sitting next to the flagpole in front of the school. Of

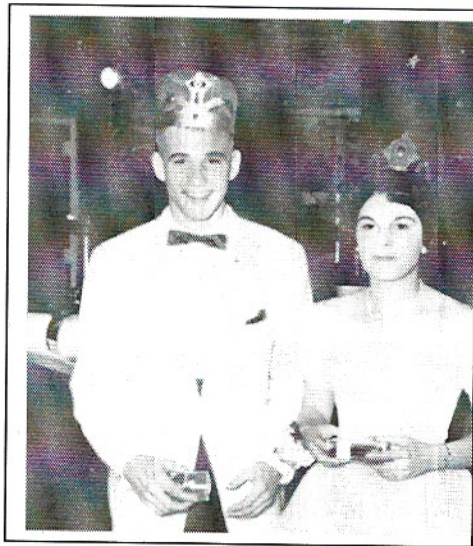

course, we all thought it was funny and wondered who had done that and later found out it was the notorious Troy boys, one of which was my husband Tom Oxley. The janitor moved it to the back parking lot where it sat for several days. Finally, on Friday of a home football game, Mr. Secoy decided that the outhouse would be set on fire and the whole school had a big pep rally around the burning outhouse. This would be what turned out to be the most memorable pep rally of all. As I am writing these memories it just takes me back to those high school days and I feel so fortunate to have gone to a high school such as ours that was safe, with wonderful, caring faculty, and a place where we pretty much all got along together in a happy environment. After moving around a lot before coming to Troy, I don't think I could have landed in a better school than Troy High. I spent 4 happy years there and made many lifelong friends whom I am still in touch with and still see. I feel like we got a very good education and a solid foundation that prepared us for college and beyond. Besides the educational part, there were all the extra-curricular activities in which to participate such as music, sports, plays, football games which were so much fun and made for a well rounded education. THS holds so many memories and I will always cherish my high school days. Tom will retire sometime in this 5 yr. frame. That will give us more time to visit our daughter, husband and 2 grandchildren (boys) 7 1/2 and 4yrs who live in Denver. In a few months we plan to take our kids and grandkids on a Disney Cruise. There is a possibility that we will move to Denver within 5 yrs. We will continue to travel to different countries and in the US as well. We would like to see all of the National Parks.

We would like to visit several of our good friends who live out of state more often and also have them visit us. Plans are in the works to remodel our kitchen and our front yard will have new landscaping starting in 2 weeks. I will be going to our 50th reunion in Oct. I will continue to do volunteer work with Northside Mental Health, Alzheimer Association, and the Outback Steakhouse Annual Pro-Am Golf Tournament in Tampa. I will continue to sing and travel with Sweet Adelines, Toast of Tampa Chapter....now in my 6th year. I will definitely continue to exercise most every day whether it is biking, walking or swimming as my #1 priority is to stay healthy!

Barbara (Boram) Bollenbacher remembers being the first sophomore class in the new high school; great football teams and the MVL Championships; wonderful teachers and the "Perfect" class! Plans include traveling more and enjoying the grandchildren.

out of school to help with the picture taking at the junior high. This also gave us a chance to ride around in Arlene Shaneyfelt's convertible. What a feeling of freedom! Spending time with our children and grandchildren is the #1 way I want to spend my

time. Our daughter and son and their families live in the Columbus area and we feel very blessed to have them nearby. Larry is still working and when asked the question, "When are you going to retire?", his answer is still "never." Since he is self-employed, he does have some flexibility. I still work for him but only part time now. Our goal of visiting all 50 states was reached a year ago when we visited Santa Fe, New Mexico. We have been to several countries in Europe, but I think I would prefer future travels to be on our own continent. We especially love Alaska as well as Alberta & British Columbia and hope to visit them again. We will continue to praise the Lord and thank him every day for our blessings.

Herb Dershem remembers the many excellent teachers we had at Troy High. We all have special teachers who touch our lives. Some of mine are Mr. Kindy, Mr. Baden, Mr. Houk and Mr. Dale Vesper. I will also never forget Mr. Juillerat and "Old Glory" in our sophomore phys ed class. I'll never forget receiving my first "whack" of the year when I was second-from-last to arrive at health class but was voted worthy of a whack by my classmate "friends." I also remember my second and only other whack coming when my partner stepped on the free throw circle line during square dancing in the gym. The insect collection for Mr. Pettay is also a treasured memory. It was a memorable summer of fun and adventure as we collected our specimens. Then we took our collection to the new-that-year high school building before classes began. My collection was especially good because it was chosen by the mice in the building for a delectable treat. Kate and I plan to spend the next 5 years of our lives making a loving difference in as many lives as we can, starting with our six grandchildren.

Vicki (Deweese) Kirkland spent most of her time at Hobart Arena ice skating. I will never forget John Morton descending from the science room past Mr. Prouty's English class window during a classmates recitation of a poem. The trouble we all got into from not returning to school after celebrating Troy's football victory of our league. Our caravan decided to stop and celebrate in some field close by. I continue to hold fond memories of wonderful classmates, encouraging teachers and a happy, safe environment of learning. I plan to travel, remain healthy and enjoy family.

**HONOR STUDY
HALL CHAIRMEN**

First Row: L. Rabe, T. Woodson, M. Smith, J. Woodson, J. Purney, Second Row: S. Wilson, L. Hambley, J. Hower, L. Bentley, G. Thompson, H. Davidson, Third Row: T. Lennett, J. Riediger, W. Hower, J. Davis, R. Schlemmer, Fourth Row: M. Finnigan, T. Carter, J. Myers, D. Zampier, J. Groll

Ariel Patricia Drake remembers John Morton's "flight" past Mr. Prouty's window; the caravan around Piqua High School when we won the conference football championship; Trojanaires, choir and art classes; many slumber parties where we girls stayed up all night listing the songs played on a Dayton radio channel in an attempt to win "something". I can't remember what the prize was---we never won anything! My plans include taking each day as it comes and be the best mother, nana and friend I can be. Live fully, love unconditionally and in the end, let go gracefully.

Bill and Beth (Cochran) Earhart are enjoying retirement, travels and grandkids.

Doug Ehlers remembers my first year at THS being in a brand new facility---it was impressive! I remember Mr. Secoy's morning no nonsense announcements and Mr. Juillerat's phys. ed classes---"I still get cold sweats!" My plans include trying to keep up

with Arlene, to play golf and bow hunting---"I seem to be obsessed with all 3!"

Daleen (Fetter) Case remembers singing with the Trojanaires, being too shy to walk past the "Senior Bench", Mr. Prouty's wonderful English classes and the life long friendships I made. Hopefully, I plan to do more travel, especially international trips.

Barbara Farrell remembers the Friday night football games, winning the MVL and driving to Piqua to celebrate and the Rec. I plan to travel more, work in a kitchen in Italy, spend more time reading in my garden and see my friends from Troy and others from around the world.

Betty (Goodpaster) Proctor remembers being overwhelmed with the size of our high school and changing classrooms for each subject. I remember working on my Future Homemaker of America program and award. This took all the spare time I found for 4 months. It was worth each minute. I remember how fast time passed in my senior year time seeing different and my first prom night. We have been to Europe 4 times and now we want to spend some sights and cities in our country.

Tom Hackett lives in the mountains above Waikiki in Palolo valley at about 600 ft. Elevation so tsunamis would have to be pretty big to affect us right here. Too bad for the Japanese people. Life is fragile and precious so make the most of it.

Barbara (Hill) Young still treasures the memories of performing duo-piano and piano 4-hand music with John Williams. I would love to have that experience again now. Trojanaires trips and performances remain a highlight of THS days. My goal is to maintain good health and a zest for living every day to the fullest. I hope to continue traveling, playing tennis and golf, learning new music and performing, reading and enjoying family and friends as often as possible. We just had our first grandchild, so there are many more exciting times!

Robert E. (Bob) Hoefflin remembers great football teams, caravans to Piqua after winning the MVL title—We did pay a price for that! Clifford Houk and Fred Pettay, Burton Garfield, and the “Rec”. I retired to Dayton, TN, this summer. I bought a mountain lot in a small development over looking the foothills of the Smokey Mountains. I will probably work 2 or 3 days per week for a local pharmacy and visit children and grandchildren in Indy regularly.

Linda (Hornbeck) Corrigan tried her best to think of four of the best memories from T.H.S. and couldn't come up with just four, there were so many! For sure, those were the Glory Days! I am grateful for every single day growing up with my wonderful parents, family and friends in Troy, Ohio. If God is willing, I plan to Live, Love, and Laugh! I want to stay active and concentrate on doing as much as I possibly can for my children and four grandchildren. I want their lives to be as blessed as mine and for them to learn all they can learn, to grow up to be caring, decent, hardworking adults and to always strive for a positive attitude. Where there is a will, there is a way...Growing up has never been easy and now it is harder than ever! But, life is still good! I wish the very best to all my family of classmates at Troy high School! Keep in touch!

Announcement of Valedictorian, Carolyn Kniesly and Salutatorian, Martha Orsborn

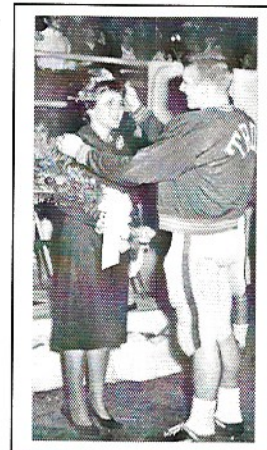

Carolyn (Kniesly) Smith remembers student assemblies led by Smeed Walters; dissecting an earthworm, sea urchin and frog in biology; Trojanaires, good teachers and lifetime friends. I plan to continue my present involvements and visiting our new Florida grandchild as often as possible.

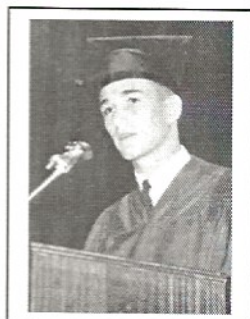

Sally (Larimer) Flosi remembers Mr Prouty's English class, Friday night football, catching butterflies and dragonflies during the summer for biology class—something we would never do now. I hope to continue with my volunteer legal clinic, hike some

Carolyn (Laufer) Whitacre remembers football games and dances at the Rec, Junior and Senior Proms and assemblies singing the "Soup" song. I plan to travel in our RV and visit with our 2 sons and 3 grandchildren in Ohio.

Dee (Mason) Zobrist remembers Mr. Clark's art class and Mr. Prouty's English class, assemblies in our wonderful auditorium, Friday football games and dances at the Rec and great friendships that have lasted a lifetime! Our plans are not too different than what we are doing now. My husband, Jerry and I are still working. We own a holding company that has ownership in 7 other companies. Jerry focuses his time in the management, long term planning and financial. I do much of the accounting and office management work. Our daughter works with us in doing website development and marketing for the companies. Besides working, we spend time at our lake home on Norris Lake with our family. We also take trips 2 to 3 times a year. In the last couple of years, we have been to the Carribean Islands, Israel, Greek Islands, Costa Rica, road trip through the WV, VA, SC, NC, GA and FL. This summer we are renting an RV in AZ and taking 2 weeks with our daughter's family touring sites along RT 66. We also stay active in volunteer work and cultural events. In between, we go to events involving each of our 13 grandchildren.

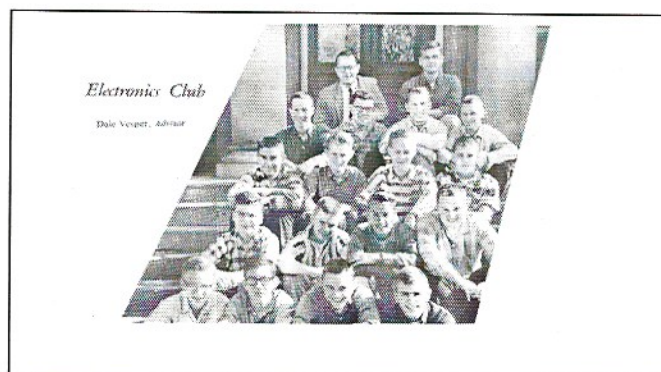

Jeff May remembers the dances and activities at the REC and trips to K's for the greasy hamburgers and fries. I remember playing tennis doubles with Bob Schlemmer and hoping that he would not double fault. I also remember the most amazing service return by Bob against Joe Neer of Fairmont that led to an MVL doubles title. I remember watching the "Tommy Gunners", Doug Meek and teammates win many football games.

I remember riding on the back of Jim Roediger's Cushman scooter chasing moths for Fred Pettay's biology entymology summer project. I remember Cliff Houk and 6am chemistry and Walt Kindy 's math classes---amazed at the mental agility of Herb Dershem and Keith Murgatroyd. I need to find a young man to take over my small business so that I can work much less and improve my golf game. I still enjoying hiking and skiing in the Rocky

Mountains. My wife has worked for United Airlines for many years and we have vested flying privileges. There are still many places in the world we hope to visit. I hope to return to our 55th reunion in 2016.

Arlene (Shaneyfelt) Ehlers remembers spending my freshman year at the old Van Cleve building (Miss Bowers Latin class and the toga day) and then moving into a spacious new high school. The Friday night football games at a wonderful stadium (much better than the stadium at DePauw) and REC dances were a highlight at the end of the week. I remember collecting all those insects during the summer for Mr. Pettay's biology class. It was a great excuse to be out at night! I can still see John Morton coming down from the second floor and Mr. Prouty charging out of the room. I loved playing interscholastic tennis, volleyball and basketball for Miss Byrkett and being editor for the yearbook. We had great times back then---slumber parties, Junior and Senior Prom, Homecoming dances, graduation, etc. I still treasure the wonderful friendships made during those 4 years. Plans include continuing to walk, play tennis, pickleball, golf, duplicate bridge and improving my computer and technology skills. Doug and I hope to stay as healthy as possible and to enjoy traveling and spending good times with our family and friends.

Lyle Shaw remembers the senior activities, the "REC", riding to school with Bill Hoover and Herb Dershem, Mr. Juillerat, and riding to football practice with Hunter Russell and listening to "Bird Dog", "Lipstick on your Collar" and others. His plans include staying active and healthy.

Mary Lou (Smith) DeHart-Denning remembers her freshman year running to K's every day at lunch, Rec dances, attending the new high school in our sophomore year and graduation. Her plans include staying retired (I'm consulting right now after 5 years of retirement), staying healthy and traveling.

Galen 'Tuffy' Thompson remembers our strong athletic teams and great players; going to the REC and being watched by Mom and Pop Dixon; the friendships that were made and that continue today. I plan to follow my grandchildren's activities and continue coaching for a couple more years.

Carol Louise (Vanover) Vore plans to stay healthy, listen to lots of Gospel Bluegrass music and love my family and friends.

Sharon (VornHolt) Miller remembers moving to the new Troy High School our sophomore year; being part of the excitement as our football team won game after game; the wonderful friendships and teachers; sitting next to Tommy Vaughn in home room and enjoying his great sense of humor which drove Mr. Kindy nuts our senior year. I have retired from public education and now teach part time at Muskingum University in New Concord, OH. Joe and I are traveling to the British Isle this summer and plan to spend time in Florida in the winter. I am involved in many local volunteer activities.

[illegible]

David E. Weaver remembers football games, the REC, poker games and good friends. I plan to travel and enjoy retirement.

A large group photograph of the 1964-1965 Yearbook Staff. The group consists of approximately 50 students, both male and female, posed in several rows. They are dressed in mid-1960s attire, including sweaters, button-down shirts, and slacks. The setting appears to be an indoor space with a plain background.

15

Sharon (Wolfe) Becker loved band! I liked taking the secretarial courses that later enabled me to become the secretary to the Superintendent of Troy City Schools for 36 years (from 1965 to 2001). I worked for seven different superintendents, starting with Glen Jeffers who was superintendent when we were students at THS. I plan to relax, travel, and enjoy life!

Judy (Woodrow) Roediger had my first date with Jim for homecoming in 1959. I remember cheering for a great football team, the unique closeness and wonderful experiences of being a Trojanaire and marching band learning the music and marching at the same time. I plan to continue my wonderful life of 46 years with Jim (my high school sweetheart); maintain good health; stay in touch with high school friends; enjoy my grandchildren and to try and make a difference in the lives of others.

ORCHESTRA OFFICERS

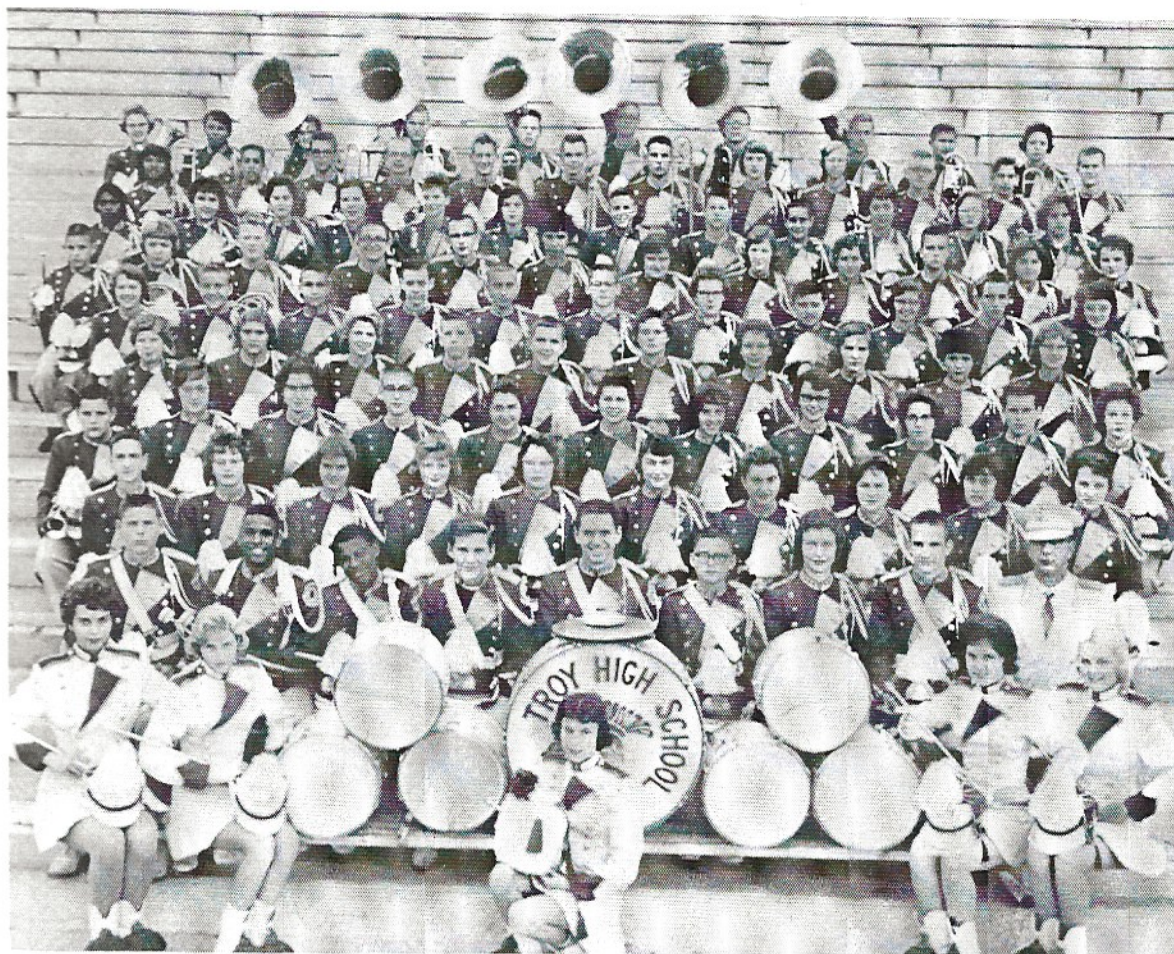

Trudy (Woodrow) Kirkland remembers band, homecoming, Trojanaires and slumber parties. I plan to stay healthy, enjoy my family and "be the kind of person my dog thinks I am."

William Younce remembers great friends, great teachers, great dances, but OH, the lunches! I plan to continue to maintain my health, travel and operate my small business.

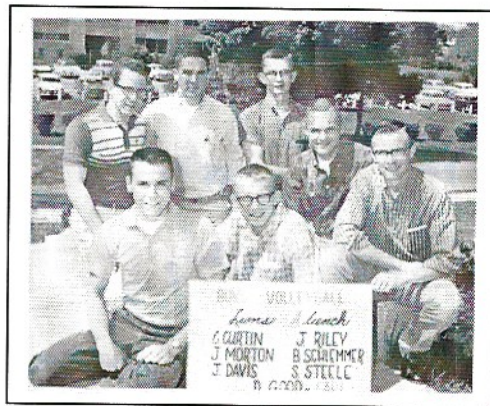

Doug Zimpfer remembers the great football games and especially our senior year win over Fairmont for the MVL championship. I remember "hanging out" at the REC and Frisch's Big Boy, pizza "making" parties at friends' homes and Mr. Petty's biology class--impressed me to earn a biology degree in college. I plan to enjoy our "semi-retired" life on our farm in Indiana and winter home on Sanibel Island, FL. I hope to spend more time with our 12 grandchildren, especially watching 6 grandsons play tackle football!!

First Row: C. Younce, M. Shaeffer, T. Woodrow, S. Knife, M. Nelson.
